

MARINE PRE PACKS & MERCHANDISING STANDS

TRADE 85p
RRP £2.00
(inc V.A.T.)

All prepacks retail at one price - **£2.00 (inc VAT)**. At a cost of only 85p to the retail trade, this represents a 50% mark up on all items. Because STF are one of the largest distributors of corrosive resistant fasteners in Europe, we are able to pass this cost advantage onto yourselves. No confusing price codes for the customer, all packs are one price - **£2.00 (inc VAT)**. Because we hold over 3,000 tonnes of stainless steel fasteners in stock, delivery is never a problem. We have a standard recommended range of 235 items, but we can supply any bespoke combination required. To see the full range we hold, visit our website - www.stf-fasteners.co.uk

The single sided stand has 60 arms (480 packs) whilst the 4 sided rotating stand has 160 arms (1280 packs). We offer a list of recommended packs for both stands. The stands are supplied on loan, free of charge, with your first order. Each arm holds 8 packs, all of which are bar coded. To download an order form, visit us on our website - www.stfmarine.co.uk or give us a call on **01902 499237**
